Ryan A. Nesbit
Vice President for Finance & Administration

RE: FY 2017 Budget Planning Information

In preparing for Fiscal Year 2017, we would like you to submit a planning document on the topics below to be used in late winter/early spring budget meetings.

Budget Planning Worksheet. In order for the University to be well positioned to provide merit-based salary increases, if approved during the upcoming legislative session, please prepare a “Budget Planning Worksheet” (attached in email) for FY 2017 that reflects a redirection of funds to be used as a part of any merit-based increase pool for your unit. For planning purposes, the level of redirection will be calculated as 0.5% of

- all filled line-item positions within your unit as of December 31, 2015,
- annualized salary expense for lump-sum positions based on December 31, 2015 year-to-date salary expense, and
- “Summer 2015” academic salary expense.

Your plan should align with your unit’s strategic goals as they support UGA’s strategic plan and include any redirections you may take for other purposes within your unit. The Budget Division will email to you a worksheet with your unit’s 0.5% redirection amounts by January 8, 2016.

Budget Planning Narrative. In this section, we would like you to prepare a short narrative detailing why your unit selected the items for the aforementioned redirections as they relate to your unit’s goals.

Additional Narrative. In this section, we would like you to report on your unit’s effort and financial plans on the following (if appropriate to your area):

- Instructional innovation (e.g., experiential learning);
- Improving student progress toward graduation;
- Increasing summer enrollment and/or online instruction options;
- Enhancing graduate and professional education by increasing the quality and quantity of new students;
- Increasing research productivity and external grant funding;
- Increasing private gifts and pledges; and
- Impacting the state through outreach and economic development.

Only if necessary, prepare a short narrative (one page or less) providing explanations of trends or anomalies, positive or negative, identified by the performance measures and history of expenditures.
data. Narratives are only necessary if the charts alone do not provide an adequate understanding of the data. The Budget Division will provide your unit’s information by January 8, 2016.

Other. Please report on any other items you would like to include for discussion in the budget meeting.

Please submit electronically (using Word and Excel) your unit’s budget meeting documents to Chris Miller at chrisjm@uga.edu by February 3rd. You will be notified shortly of the date and time of your budget meeting.

Thank you for the leadership you continue to provide in the budget planning process and for the contributions of your faculty and staff throughout the year.
