Emergency Preparedness

The UGA Safe app features:

- **Mobile Bluelight** - Share your location in real time and call the UGA police. *Only works in Athens-Clarke County*

- **Friend Walk** - Send your location in real time to a friend so they can watch as you walk to your destination. *Works anywhere*

- **Chat with UGA Police** - Initiate a chat session with the UGA Police when calling may not be possible.

- **UGA Alert Notifications** – Enable push notifications to receive emergency messages and timely warnings through the app.

UGA Alert

- <u>EMERGENCY MESSAGES</u>: Immediate and significant threat to **ENTIRE** campus – take action now
- Students are automatically enrolled
- Employees should verify text options

Timely Warnings

- UGA Police assess an ongoing or continuing threat – may need to take future action
- *Not a news or information service
- Uses the same distribution list as UGA Alert

What <u>You</u> Can Do

- Act!

- Follow security protocols

- Situational awareness

- "Calm is Contagious"

  - Roarke Denver

- Talk about plans with staff
